## DEWBERRY.

A trailing Raspberry bearing its fruit in clusters; berries 2 inches in length, and of excellent quality. It thrives well in any garden soil, and is excellent for jams and jellies. Strong plants 1/- each

## JAPANESE PERSIMMONS.

Price 2/- each, 20/- per dozen

The fruit of the Persimmon, when ripe is of a deep reddish-orange colour; in shape, that of an orange, and some egg-shaped. The flavour when perfectly ripe, is most luscious. It is best to be kept in a close jar after being picked, and is then most delicious. They ripen their fruit during winter, and in consequence furnish a valuable fruit for the table at a season when fruit is scarce

### Raspberries

**Cornwall's Yellow**--2/6 doz., 12/6 100

## Strawberries.

*Sunbeam*—A very fine new variety, with good sized fruit; clear, red, firm, sweet and excellent. 1/- per dozen

*Edith*—Fruit large, very early

*Marguerite*—Fruit very large, richly flavoured

*Royal Sovereign*—Fruit of the largest size, and of a glossy, bright scarlet colour

*Up to Mark*—A popular variety; heavy cropper

## Loganberry.

This fruit is of large size, equal to the largest sized Blackberry, and when fully ripe is of a dark, rich red colour. The Loganberry partakes of both the flavour of the Raspberry and Blackberry and is pleasant, mild, and delightful to the taste; it is excellent for the table, either fresh or cooked, and for jam or jelly is unsurpassed. The fruit is firm, carries well, and has few seeds; ripens very early, the crop being nearly all ripe and gone before Raspberries become plentiful, thus rendering it a very valuable fruit for market. I recommend it as the finest of all berries of this class. 1/3 each.

## PALMS.

No collection of plants is complete Palms. Their bold, majestic, yet graceful, foliage lends a grandeur and magnificence that cannot be obtained by any other class of plants, and no decoration, whether in the conservatory, hall or sitting-room, is complete without them. Nearly all the varieties offered are of the easiest culture, succeeding under the most ordinary conditions. Our facilities for producing this class of stock are the most complete in this country, enabling me to supply all the leading and popular sorts at the most reasonable prices.

NOTE—All my Palms are good, sturdy plants, suitable for window and table decoration. They are handsome now, and will grow more beautiful for years. I stock the following varieties.

**CHAMOEROPS EXCELSA.** (Chinese Fan Palm).

**COCOS WEDDELLIANA.**

**WASHINGTON WEEPING PALM.**

**OSTRICH FEATHER PALM.**

**KENTIA PALM** (Behmoreana). **CURLY PALM.**

**CHAMOEROPS FOURTENI.** **PANDANUS VEITCHIRAEA FILAMENTOSA.**

**ARECA BAUERI.** **PHOENIX RECLINATA.**
